

Shiny Shimmering Splendour

WITH TILE AFRICA THE *possibilities* ARE
endless WHEN IT COMES TO CREATING
A *stylish setting* IN YOUR *bathroom*

Your bathroom is meant to be a place of relaxation and rejuvenation, and with Tile Africa's sophisticated range of tiles, achieving such a space has never been easier.

Choose from large neutral tiles in earthy stone

TIP Grab a copy of *Connexions*, Tile Africa's style guide filled with great ideas to inspire and inform or classic porcelain and combine it with Tile Africa's newest range of pearlescent mosaic tiles

for a fresh updated look.

This new line also includes tiles made from glass and natural materials, which are perfect for creating an interesting textured effect in any bathroom setting.

Currently, the trend is to mix large format tiles with smaller mosaics for a chic polished environment.

Here, a streamlined white bath was placed

in front of a shimmering feature wall of mosaics for a striking visual contrast.
