TURN YOUR ENTERTAINING AREA INTO AN ELEGANT SPACE WITH TILES

Porcelain, ceramic, sandstone or slate – no matter what they're made of, tiles add a touch of glamour to indoor and outdoor areas. 'As a host you want to create a space where your guests can relax and enjoy themselves, but you also want it to be stylish, with a little flair,' says Kate van Niekerk, marketing manager at Tile Africa.

The 40 Tile Africa retail outlets nationwide stock an extensive range to match any decor scheme. The 2010 trend is organic elegance, a look created by earthy neutral tones combined with durability and minimal maintenance. Because polished porcelain tiles reflect light, they create a marvellous sense of space – perfect for living rooms or open-plan areas – while ceramic tiles add an element of sophistication. Sandstone cladding creates a beautifully natural appearance, and mosaic designs in slate are particularly eye-catching.

For more information call 080-000-2783 or visit tileafrica.co.za

READER INVITATION

House and Leisure is offering five readers (and their partners) the opportunity to learn how to create their dream entertainment area, while dining at a great restaurant. Join the Tile Africa marketing manager, Kate van Niekerk, at Cape Town's Grand Café and Beach on 18 March, the restaurant at Clico in Jo'burg on 25 March, or Jam at Durban's Quarters on Avondale on 8 April. Email your name, contact number and city of residence to hlpromotions@assocmags.co.za by 12 March.
