Nature provides the inspiration for colours and textures in the bathroom

ELEMENTS OF NATURE PLAY a huge role in the design of tiles, fabrics and accessories. The grooves made by wind on desert sand make for a gorgeous tile texture, while the colours of agates and semi-precious stones dominate textiles.

MOODS Soothe your senses with an oversized spa bath. Boost your health by lifting your mood with candles and indulging in natural bath salts, incense and scented crystals. 'The modern bathroom offers a sanctuary from our fast-paced lifestyles, a sensual space to reconnect with your soul and unwind after a stressful day,' says Kate van Niekerk, marketing manager of TILE AFRICA.
