Room for indulgence

Transform your bathroom into a tranquil sanctuary with TILE AFRICA

In today's fast-paced world bathrooms are no longer purely functional spaces. Instead they've become a place to escape to and enjoy some much needed pamper time. Adding a new bathroom onto your home or renovating an existing one gives you the ideal opportunity to create your own tranquil sanctuary. Get started with these design tips from TILE AFRICA

- Capture the light and airy feel of a spa by keeping the layout as open plan as possible with lots of natural light. If you're not lucky enough to have large windows in your bathroom, replace your current door with a frosted glass door that will allow light to filter in from the hallway or a connecting room.
- Set the scene for relaxation by choosing a freestanding bath as a focal point; a modern style is the clear choice for a contemporary

home, while a retro style perfect for a period bathroom. For a truly indulgent experience opt for a spa bath with hydrotherapy jets.

- Create a calming atmosphere by using tiles in neutral tones of tan, stone and grey. Add interest and texture with mosaic tiles in restful accent colours like toffee browns, sea greens and aquamarine blues.
- Complete the look with contemporary fixtures such as an oversized showerhead, sleek taps and mixers and a stylish towel rail. TILE AFRICA offers a wide range of trendy taps, basins, baths and vanities to transform your new bathroom into a personal retreat. Visit any one of the 40 TILE AFRICA retail outlets nationwide where their inspirational showrooms will give you fresh ideas for your own home.
