

SELECTING TILES

Thank you for choosing Tile Africa, "OUR HOME IS YOUR HOME"
Choosing the right tile can be confusing – Here are some pointers

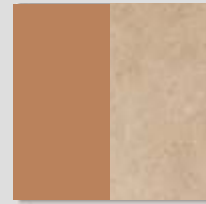

FLOOR TILES

FLOOR TILES

Designed for Foot traffic
Can be used on the
floor & wall

WALL TILES

Only for wall application
Body and glaze not strong
enough for foot traffic

WALL TILES

FLOOR tile glazes are tested and rated by the Porcelain
and Enamel Institute (Pei)
for the wear resistance of the glaze to foot traffic and
indicates where the tile can be used:

Pei 1 – For soft footwear only such as bedrooms and bathrooms

Pei 2 – For Domestic/Interior only excluding patios, hallways & kitchens

Pei 3 – For Domestic/Interior & Exterior and Commercial light traffic

Pei 4 – For Commercial heavy traffic/Shops/Hospitals

Pei 5 – For Industrial heavy traffic/Factories/Sport Stadia
