Trendsetter STYLE

The bathroom you've dreamt is only moments away thanks to the wide range of tiles and bathroom ware available from any of the 37 outlets of TILE AFRICA nationwide. Whether you prefer a natural stone effect, created with porcelain and ceramic tiles, or cement-tone colours in shades of blue and grey, your bathroom can now become a haven of calm.

There's also a wonderful variety of finishes. Try colourful mosaic tiles to draw attention to focal points on the wall behind the bath or in the shower; mix and match glass, marble and metallic finishes to create the look that's right for you – the possibilities are endless!
