

RESIDENTIAL ESTATES RESIDENTIAL DEVELOPMENTS

Product offering

This residential estate is a tribute to the traditional equestrian-style of living exemplified within the Kyalami borough. A diverse range of floor coverings were supplied and fitted for various spaces within the development. Large cement-look tiles grace the open-plan living areas of the housing units, with wood-look laminates in the bedrooms. Additional coverings include stone plastic composite (SLC) vinyl flooring and rubber sports flooring in the fitness facilities, and a bespoke terrazzo floor installation and polished concrete flooring in the entertainment facilities of the estate. In addition to the floor coverings, all the taps and bathroom ware for the estate were supplied as part of a concept to completion offering to the property developers.
