

FAST FOOD RESTAURANTS CORPORATE RETAILERS

Working with a well-known fast food retailer, we ensure an identifiable corporate identity across all their outlets, supplying porcelain, ceramic and slate tiles including bathroomware to the brand's outlets nationally and internationally. The colourful and carefully considered tile layouts add to the ambience that the restaurant brand wants to portray. These restaurants feature natural products such as timbers, which provide an earthy feel in addition to the rich colours that are warm and inviting, reflecting the Afro-Portuguese influence. Curved patterns as opposed to linear lines help define the layout for the stores. With our nationwide footprint to supply and service consistently countrywide, franchisees can rely on Tile Africa Commercial.
