INDUSTRIES

RESIDENTIAL DEVELOPMENTS

With the strong demand for housing in South Africa, residential developments are a key sector of business for Tile Africa Commercial. Residential developments usually require a cost-effective floor and wall solution for low traffic areas, whilst being trend-forward and aesthetically pleasing. A contractors' range of bathroomware is often specified for these types of developments.

Quality fit for purpose specifications with trending product solutions to complete any housing project, no matter how big or small.

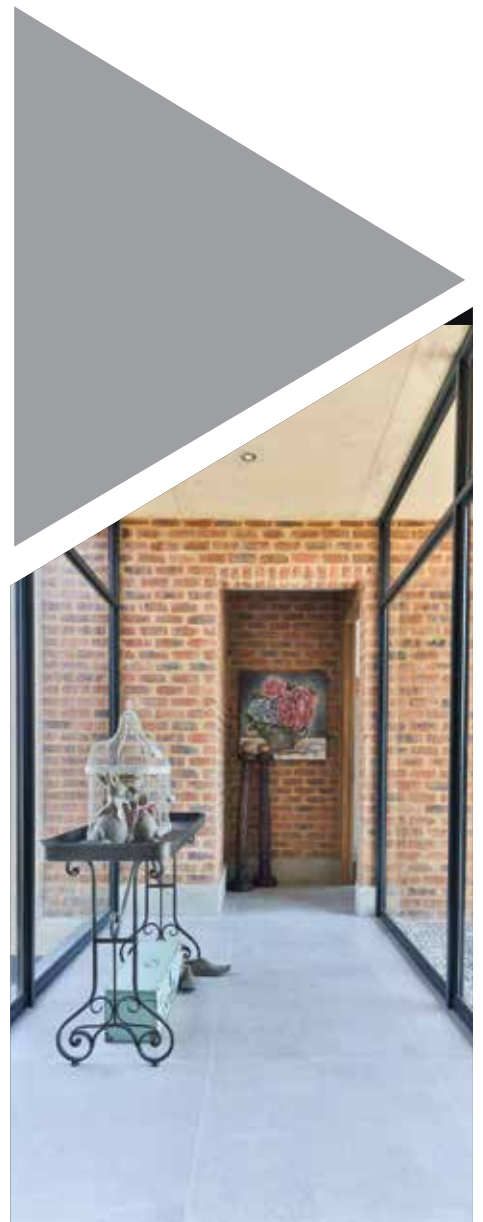

A vast range of products from ceramic and porcelain tiles to carpets, wood laminates and luxury vinyl flooring, as well as bathroom ware, all of which carry extensive guarantees

Product offering

- Screed Flooring
- Synthetic Grass
- Wall Cladding
- Cork Flooring
- Decorative Wall Coatings
- Bathroomware
- Timber Decking
- Bathroom Accessories
- Tile Décor and Accessories

Our services includes a Supply & Fit offering for larger housing developments with installation guarantees on products and workmanship.

CORPORATE RETAILERS

Food & Beverage

Tile Africa Commercial is well equipped to service the food franchise industry through our extensive network of 35 Tile Africa retail stores, with specialists available nationwide to attend to site requirements. This industry is fast paced and requires hard wearing aesthetically pleasing finishes, suited to their corporate identity. Additionally, they must abide by stringent health and safety regulations, necessitating fit for purpose commercial kitchen tiles that are acid resistant and have non-slip properties.

A specialised team of Corporate Specifiers are on hand to assist with finishing schedules, national price negotiations and to ensure ongoing stock replenishment based on corporate roll-outs.

We offer a wide range of trendy floor and wall solutions, from large format porcelain tiles, to stone composite vinyl flooring, from decorative concrete flooring to décor tiles and accessories, always keeping health and safety regulations in mind.

Product offering

- Ceramic and Porcelain Tiles
- Luxury Vinyl Flooring
- Polyurethane Flooring
- Laminate Flooring
- Epoxy Flooring
- Terrazzo
- Decorative Cementitious Floors
- Screed Flooring
- Wall Cladding
- Decorative Wall Coatings
- Bathroomware
- Bathroom Accessories
- Tile Décor and Accessories
- Ancillaries

CORPORATE RETAILERS

Others

Tile Africa Commercial specialises in working with corporate brands and retail spaces. Our corporate customers find it convenient to deal with us as we are well positioned to deliver exceptional service and cost-savings on transport through our network of 35 nationally located retail stores. Tile Africa Commercial has a centralised project coordination department dealing with all orders, deliveries and queries.

Nationwide support network for site inspections and evaluations whilst centralised coordination for all our corporate orders, deliveries and queries, ensures a "one port of call" for ease and simplicity.

These spaces require a medium to high traffic solution, and often require an eclectic variety of finishes and sizes ranging from small decorative tiles and finishes to larger format tiles, decorative cementitious floors, engineered wood floors and luxury vinyl floors to name a few.

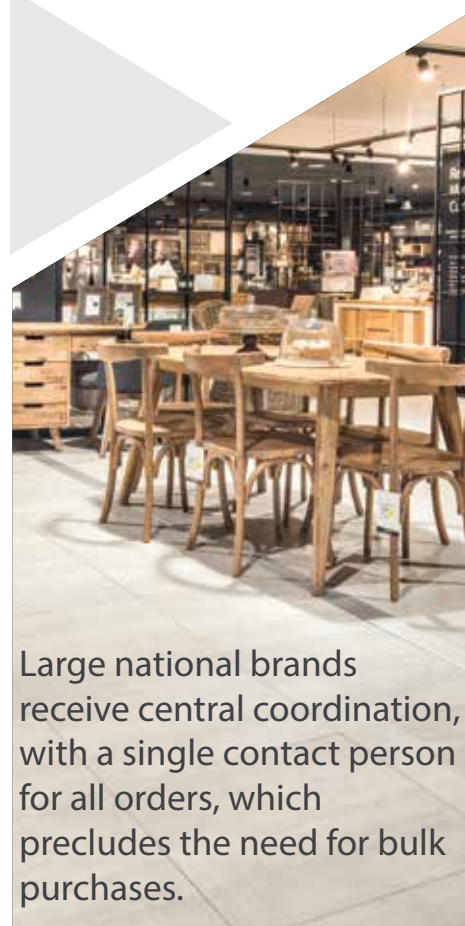

Our supply and fit service includes wall and floor coverings with method, material and cleaning specifications, and installation guarantees on all work done.

Product offering

- Ceramic and Porcelain Tiles
- Engineered Timber
- Luxury Vinyl Flooring
- Solid Parquet Flooring
- Vinyl Sheetting
- Polyurethane Flooring
- Laminate Flooring
- Polished Concrete Floors
- Carpeting
- Exposed Concrete Floors
- Epoxy Flooring
- Terrazzo
- Cementitious Floors
- Decorative Cementitious Floors
- Screed Flooring
- Synthetic Grass
- Sports Flooring
- Wall Cladding
- Cork Flooring
- Decorative Wall Coatings
- Bathroomware
- Timber Decking
- Bathroom Accessories
- Tile Décor and Accessories
- Ancillaries

Large national brands receive central coordination, with a single contact person for all orders, which precludes the need for bulk purchases.

HOSPITALITY

The highly competitive hospitality industry requires sophisticated and trend-forward finishes as they compete for consumer spend. These spaces need to convey luxury whilst delivering practical, robust finishes.

With years of experience in the industry, Tile Africa can **supply and install** a variety of fashionable wall and floor finishes in any format, design and texture, to suit every type of application, from concierge and reception areas to leisure and recreational areas, suites and bathrooms.

Fit for purpose products are specified with the end-user in mind, as well as ensuring easy housekeeping for the hotel.

Product offering

- Ceramic and Porcelain Tiles
- Engineered Timber

- Tile Décor and Accessories
- Swimming Pool tiles
- Quartz Carpets & more...

Our extensive range of coverings include tiles, carpets, stone composite vinyl & laminate, decking, cementitious, sports flooring, synthetic grass and many more..

SWIMMING POOLS

Olympic-size swimming pools require intense planning, and skilled installation methods. Tile Africa Commercial is one of the few suppliers in South Africa to stock specialised commercial and leisure pool tiles from Germany, which are FINA approved.

Our products include an extensive range of non-slip tile and other flooring solutions for pool surrounds with public safety, as well as aesthetics in mind.

Specialists who can assist with the correct specification of all the different components required to complete a world class swimming pool, from the tiles to the channels and hand grips.

A complete system with a wide variety of colours to suit your project; from Olympic to leisure and therapy pools. Our pool tiles carry the FINA approval required for Olympic-sized swimming pools.

Product offering

- Ceramic and Porcelain Tiles
- Swimming Pool Tiles
- Quartz Carpets
- Seamless Rubber Flooring
- Interlocking Rubber Tiles
- Rubber Sheeting
- Seamless Terrazzo Flooring
- Copings and specialised products

We are also able to assist from the design lay-out, through to the installation of these products and provide installation guarantees.

HEAVY COMMERCIAL

The excessive and heavy traffic conditions of shopping malls, airports, train stations and grocery stores, amongst others, require specific solutions, particularly where equipment such as trolleys and pallet jacks are used.

We offer specialised products to cope with vertical impact, high point loading as well as continuous, high foot traffic spaces.

These include full body porcelain tiles, full body glazed porcelain tiles, decorative tiles in large formats, polished and exposed concrete floors, terrazzo floors as well as some decorative cementitious floors. Our one-stop-shop for all wall and floor finishes includes a **supply and fit service** for these applications, which is accompanied by **installation guarantees** for peace of mind.

Product offering

- Ceramic and Porcelain Tiles
- Luxury Vinyl Flooring
- Vinyl Sheeting
- Poly Urethane Flooring
- Polished Concrete Floors
- Exposed Concrete Floors
- Epoxy Flooring
- Terrazzo
- Cementitious Floors
- Screed Flooring
- Wall Cladding
- Decorative Wall Coatings
- Tile Décor and Accessories
- Quartz Carpets
- Rubber flooring
- Concrete repair
- Vandal proof Bathroomware & Bathroom Accessories
- Electronic Bathroomware

A wide variety of bathroomware and accessories that are specifically designed for public areas, including electronic water closets, sensor taps, and electronic soap dispensers etc.

INDUSTRIAL

Tile Africa Commercial has a long history of supplying practical, fit for purpose flooring solutions to this industry.

Our product offering includes heavy-duty, acid resistant tiles produced specifically for applications like dairies, breweries, wine farms and abattoirs.

Furthermore, Tile Africa Commercial specialises in the supply and installation of technical industrial flooring solutions such as specialised concrete floors, epoxy and polyurethane floor coverings, densifying and sealing of power floated concrete floors and diamond polishing of concrete floors. We also conduct repairs to concrete floors.

Tile Africa Commercial is well versed in the **supply and installation** of the flooring solutions required by this industry.

Product offering

- Ceramic and Porcelain Tiles
- Polyurethane Flooring
- Polished Concrete Floors
- Exposed Concrete Floors
- Epoxy Flooring
- Cementitious Floors
- Screed Flooring
- Bathroomware
- Bathroom Accessories
- Rubber flooring
- Concrete Repair
- Concrete Densifying

Supply and fitment of these specialised floors comes with an installation guarantee for peace of mind.

GOVERNMENT INSTITUTIONS

Tile Africa Commercial has worked in a number of government spaces, which includes a large variety of specialised applications ranging from hospitals to prisons, schools and public libraries, to police stations and administrative areas such as Home Affairs offices.

Being such public spaces, most of these applications require some sort of specialised product, for example anti-bacterial vinyl sheeting for hospitals and vandal proof bathroomware for prisons.

Our dedicated and experienced team are well versed in finding the best fit for purpose solutions for these specialised applications.

Product offering

- Ceramic and Porcelain Tiles
- Vinyl Sheetting
- Polyurethane Flooring
- Polished Concrete Floors
- Exposed Concrete Floors
- Epoxy Flooring
- Cementitious Floors
- Screed Flooring
- Sports Flooring
- Wall Cladding
- Cork Flooring
- Vandal proof Bathroomware & Bathroom Accessories
- Tile Décor and Accessories

With a national footprint of stores, and highly qualified specifiers and sales consultants in every province, we are well positioned to provide local expertise, nationwide.

CORPORATE RETAILERS

Auto Petroleum

The Auto Petroleum industry has pivoted over recent years to offer their customers convenience express stores and fast-food franchises like Steers and Wimpy whilst refuelling. This has given rise to the need for hard-wearing easy-to-maintain floor surfaces that are in line with the customers' corporate identity. Tile Africa Commercial offers a wide selection of practical yet visually attractive floor and wall solutions to cater for these applications.

Our offering includes a wide range of carefully selected wall and floor solutions such as non-slip porcelain tiles for kitchens and exposed areas, robust and easy-to-maintain floor tiles, concrete floors or epoxy floor coverings for storage areas, and decorative tiles for visual appeal. Comprehensive bathroomware solutions to minimise water wastage as well as vandalism.

Centralised coordination oversees the project, eliminating the need to deal with numerous Tile Africa stores, and ensuring consistency in supply and pricing.

Product offering

- Ceramic and Porcelain Tiles
- Luxury Vinyl Flooring
- Vinyl Sheeting
- Polyurethane Flooring
- Polished Concrete Floors
- Exposed Concrete Floors
- Epoxy Flooring
- Cementitious Floors
- Screed Flooring
- Decorative Wall Coatings
