NTYATYAMBO™

TILE COLLECTION

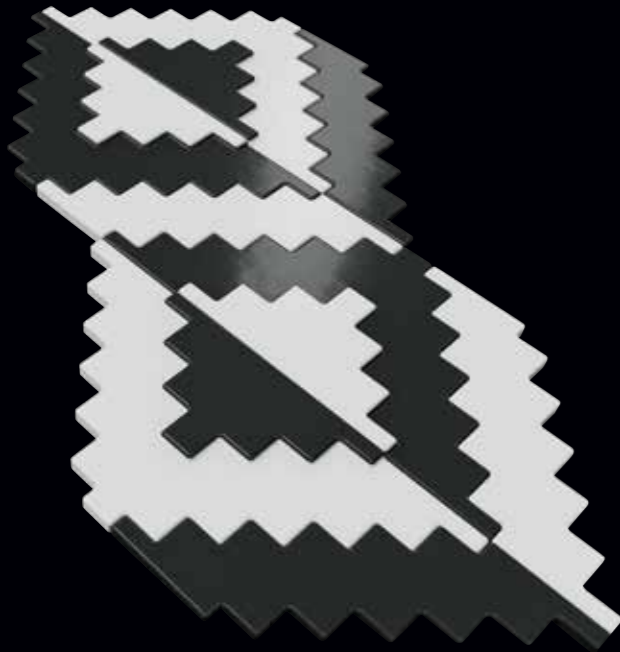

Tile Africa proudly presents the new Ntyatyambo™ Tile Collection of unique, bespoke African-inspired tiles, created in collaboration with the renowned brand MaXhosa Africa. This innovative collection celebrates African design heritage. Ntyatyambo™, named after the Xhosa word for bloom or blossom, presents a distinctive and vibrant offer to interiors both locally and internationally.

Laduma Ngxokolo, founder of MaXhosa Africa, shared, "Expanding into the lifestyle space has always been a key goal for us, and tiles played a central role in that vision. In 2020, we recognized the perfect synergy between Tile Africa's expertise and MaXhosa Africa's commitment to using premium, locally manufactured materials".

This distinctive range enables customers to personalize their spaces with authentic African designs. The Ntyatyambo™ Tile Collection is now available at select Tile Africa stores nationwide under Maxhosa Lifestyle.
